Petition for Self-Determination
Request for Direction of Cross-Check

Dear Mr. Sellars:

Enclosed please find the showing of interest in support of the Washington State Nurses Association's petition for self-determination, for inclusion of previously unrepresented quality assurance and care transition registered nurses in the existing bargaining unit of registered nurses.

We believe that the enclosed showing of interest indicates that WSNA has the unanimous support of the affected employees to act as their representative for purposes of collective bargaining.

Accordingly, WSNA hereby requests that you issue a Direction of Cross-Check pursuant to Washington Administrative Code (WAC) 391-25-391.

Sincerely yours,

Timothy Sears

ADDITIONAL INFORMATION

Pursuant to WAC 391-25-440, the petitioner Washington State Nurses Association seeks to add a group of five (5) previously unrepresented quality assurance and care transition Registered Nurses (clinical data abstractor, quality improvement specialist, quality assurance coordinator, clinical documentation specialist, and utilization review/clinical documentation coordinators) employed by the Employer to an existing appropriate bargaining unit of approximately 160 registered nurses, which WSNA already represents.

Accordingly, WSNA requests self-determination to add the petitioned-for previously unrepresented employees into the existing appropriate bargaining unit.

The existing bargaining unit, as described in Article 1, Section 1.1 of the most recent collective bargaining agreement, is follows:

All registered general duty nurses and resident nurses employed by the Hospital.

A copy of the most recent collective bargaining agreement is attached hereto.

With the addition of the petitioned-for employees, the resulting unit is appropriate for collective bargaining.
