Hello,

Can you please use the below email to amend the petition in 136577-C? We are going to change it to a representation case for adding unrepresented employees. The new case number should be 136577-E-23.

We don't need to send the request for list of employees, but can you send me a copy of the notice that needs to be posted in a representation petition, so I can forward it to the employer to post.

I will be forwarding a showing of interest card that should be included in the secured documents section of the case.

I will also be sending the "list of employees" information. It's not in an excel document, but it's only one employee and we will be completing a card check, so I don't know that the format matters on this one.

Please let me know if you have any questions.

Thank you,

**Emily Whitney**

Hello,

Thank you for taking the time to meet with me today. Steve, can you please confirm that the union is amending the petition to a representation petition to add an unrepresented employee into an existing bargaining unit? The case number will remain the same but will change from a "C" case to an "E" case. The new case number will be 136577-E-23. Once I have the union's confirmation, I will have our professional staff change the case in our system.

Steve, please submit the showing of interest card to me only.

Sascha, please submit the list of employees. Once I have the list of employees, I will send the investigatory email to the parties. Please let me know if you have any questions.

Thank you,
